

Language arts questions for grades 3-5 bobcat

Read about the bobcat at

<http://www.bigcatrescue.org/bobcat.htm>

This cat is named the bobcat because:

- It was discovered by a scientist named Bob
- It is a common wild cat in the United States
- It's tail is short and stands out
- It's coat comes in many shades of brown

According to the map graphic of the habitat of the bobcat, you probably won't find bobcats in which of these states?

- Missouri
- Florida
- Indiana
- New Mexico
